

Uncles have a special role, not being our father, they can be a friend and a supporter in a different way, than anyone else in our lives. They are both a relative and a companion; one of the few people able to be both. Whether they are crazy and weird and only seen at holidays or our boxing buddy's and a mentor the loss of an uncle is a particular hard one. Their loss is filled with the years of happy memories we had and that special connection that only belongs to uncles.
